Dr. Robin Marwica

für sein Buch „EMOTIONAL CHOICES“

(Oxford University Press 2018, ISBN 978-0-19-879434-9)

dotiert mit EUR 2.500,00

Robin Markwica's book entitled "*Emotional Choices: How the Logic of Affect Shapes Coercive Diplomacy*" presents an intriguing account of the numerous and intricate ways in which emotional and affective processes can shape human choice in general, and international relations in particular. The book draws on insights mainly from psychology and sociology and approaches the effect of emotions on choice from a novel and fascinating perspective. The author illustrates these effects based on two well-known chapters of 20th century history, the Cuban Missile Crisis and the First Gulf War.
